

DECATUR

Explore our little city with its eateries, shops and MARTA station. Find that ideal mix of “sweet” and “funky” within walking distance of campus—and just minutes from greater Atlanta.

TRADITIONS

The Agnes Scott calendar marks celebrations and events Scotties look forward to all year, as they have for over 125 years: naming their class mascot during **Black Cat week**, signing the **Honor Code**, receiving the distinctive **onyx ring** and more. When your day as a **Bell Ringer** comes, you will announce to the whole campus and beyond that you're off to the next adventure.

SUMMIT IS A DESTINATION—AND A JOURNEY.

Agnes Scott College is known for our strong intellectual community: one where innovation, the student experience and teaching are prioritized (and ranked highly).*

We earned those rankings by thoughtfully designing the journey we call SUMMIT.

SUMMIT has a proven track record of strength-building across majors and careers. You will discover, explore, connect and pursue your own ideal path to post-college achievement; SUMMIT will help you get there.

You will graduate a global citizen and change agent—one at the head of the line as you pursue an advanced degree or embark on your career.

*According to *U.S. News & World Report's* 2023 edition of Best Colleges.

REACH YOUR OWN **SUMMIT** AND KEEP GOING WITH FOUR YEARS OF PREPARATION FOR WHAT'S NEXT.

GLOBAL LEARNING

There are no barriers to learning at Agnes Scott College.

You'll jump with both feet into our interconnected world:

GET GROUNDED through Global Journeys coursework on topics like art and literature in Mexico or peacekeeping in Northern Ireland.

GET IMMERSED in real life experiences starting in your very first year with travel away from campus, the cost of which is fully funded by the college. Previous Scotties have struck out for Peru, where they learned about the production of that vital substance, coffee, and climbed to visit the grandeur of Machu Picchu (see their well-deserved smiles here). Others headed west to the Navajo Nation to experience the importance of music and art to building community cohesion. No matter where you go, on the ground or virtually, there will always be something new to learn and new relationships to build.

And if you love your experience in your first year, there will be plenty more opportunities to stretch your legs, your mind and your spirit to come.

LEADERSHIP DEVELOPMENT

Identify and unleash your own innate leadership skills.

Before you begin classes at Agnes Scott, you will jump into learning your own strengths and vulnerabilities—and those of your peers—during Legacy. You'll continue into the fall semester with your Leadership Prologue in classes like "Environmental Leadership and Climate Change" and "Philosophy and the Crisis of Leadership." You'll then practice your leadership across majors and career paths while working with an Atlanta-based company or organization through SCALE (the Sophomore Class Atlanta Leadership Experience).

PERSONALIZED SUPPORT NETWORK

Meet the future with Team You.

You'll never walk alone at Agnes Scott; your SUMMIT Advisor, Peer Advisors and Major Advisors will be with you to help you conquer the new terrain. They'll work in tandem with your new network of Career Coaches, Career Peers and ASC alumnae to help you identify and grow career competencies, figure out your major (or two), plan for internships and careers and apply for graduate school.

Our SUMMIT Career Connect platform, made up of over 400 alumnae professionals, shows you how alumnae have put their Agnes Scott education to work in a limitless array of fields:

- ★ ARTS ADMINISTRATION
- ★ ECONOMIC DEVELOPMENT
- ★ INTERNATIONAL DEVELOPMENT
- ★ LAW
- ★ MEDICAL RESEARCH
- ★ NONPROFIT MANAGEMENT

PROFESSIONAL SUCCESS

Wherever you go next, you won't go empty-handed.

Intentionally woven throughout SUMMIT is a successive set of experiences designed to teach you how to consider your strengths and interests, explore possibilities and discover multiple pathways to success. Through career coaching, exposure to our Career Communities, real-world learning (like internships, shadowing and research), and interdisciplinary courses bridging academic presentation and postgraduate success, you will build career agility. As your work changes, you will rise to the challenge while using what you've learned to change your profession for the better. After graduation, you won't transition into the world of work alone if you don't want to. Our formal professional support program, P.S. AGNES SCOTT, gives you access to professional development and continuing education opportunities for two years after graduation. Wherever you go next, you won't go empty-handed.
